SMART PPC · SINGLE-PRODUCT AUDIT

W7

W7 Beauty Blast Makeup Advent Calendar 2026-24 Cosmetic Treats

amazon.co.uk Prepared 2026-10-21

A brilliant listing at the peak of advent calendar season, but part of its ad budget is chasing shoppers who want squishy, chocolate and LEGO calendars, while its #1 rankings have no ad cover.

PRIORITIES

What I would do first

1

ADVERTISING

Stop paying for other kinds of advent calendar

The calendar has sponsored placements on 'squishy advent calendar 2026' (176k/mo, sponsored #4), chocolate, LEGO, dumpling and men's advent calendar searches, where it ranks organically at #55-104 or not at all. In peak season those clicks are expensive and go to shoppers who want a different product.

▼ What we saw

- squishy advent calendar 2026: 176,333/mo, sponsored #4, organic #55
- chocolate advent calendar 2026: 40,305/mo, sponsored #8, organic #74
- lego advent calendar: 30,767/mo, sponsored #8, organic #74
- dumpling advent calendar 2026: 45,400/mo, sponsored #11, not ranked
- mens advent calendar 2026: 21,147/mo, sponsored #10, organic #104
- Source: Jungle Scout keywords by ASIN

2 ADVERTISING

Protect the #1 rankings with top-of-search ads

It ranks #1 organically for 'advent calendar 2026 for women' (58.5k/mo), 'beauty advent calendar 2026' (27k/mo) and 'girls advent calendar 2026' (17k/mo) with no ad, so on mobile a competitor's ad can sit above it. Cheap exact-match ads hold the top of the page through December.

▼ What we saw

- advent calendar 2026 for women: 58,537/mo, organic #1, no sponsored rank
- beauty advent calendar 2026: 26,967/mo, organic #1, no sponsored rank
- girls advent calendar 2026: 17,153/mo, organic #1, no sponsored rank

3 ADVERTISING

Push 'advent calendar' from #5 to the top

'Advent calendar' gets 220k searches a month and the calendar already ranks #5 organically with no ad behind it. That's the biggest single term to win in the next eight weeks.

▼ What we saw

- advent calendar: 220,256/mo, organic #5, no sponsored rank, CPC ~£0.22

4 COMPETITORS

Cover the 'w7' brand search

Julep Eyeshadow takes a sponsored slot on 'w7' searches and there's no W7 ad there. A brand campaign is cheap insurance in the busiest weeks of the year.

▼ What we saw

- 'w7': Julep Eyeshadow sponsored at position 10; no W7 sponsored placement (DataForSEO, Amazon UK)

medicube	4%	They had no sponsored placement of their own on those searches.

AMAZON MARKETING CLOUD

Path to purchase and repeat buying

Repeat-purchase signals: medium (Subscribe & Save on 0% of ASINs, multipacks 0%, consumable category).

What we expect AMC to show

- Advent calendars are bought as gifts, so many buyers will be new to W7. AMC would show how many go on to buy W7 make-up afterwards.

Questions we would answer in week one

1. How many calendar buyers are new to W7?
2. What do they buy next, and when?

METHOD

How this was put together

Built from public marketplace data (Keepa, Jungle Scout, DataForSEO, Amazon catalogue and bid recommendations) on 2026-10-21. We have not seen this brand's Seller Central or advertising account, so spend and budget figures are estimates.

Budget model: search volume × 12% of searches producing an ad click × target sponsored share of voice by tier × CPC benchmark, plus 10% for remarketing.
